Who We Are

The Arc Southern Maryland is a non-profit organization affiliated at the state level with The Arc of Maryland and at the national level with The Arc of the United States, which is the world's largest grass roots organization of, and for, people with intellectual and developmental disabilities (IDD), including down syndrome, autism, Fetal Alcohol Spectrum disorders, cerebral palsy, and other diagnoses.

Since 1975, The Arc Southern Maryland has provided quality support and programs aimed at creating opportunities for independence and personal success for individuals with different abilities in inclusive communities.

Our core values

- **Acceptance** We appreciate all people with different abilities. We inspire all sectors of the community to include all people with different abilities in the fabric of their lives.
- **Fulfillment** We help every person find meaning and fulfillment in their lives through independent living and decision-making to the extent possible.
- **Worth** We value every person regardless of the barriers they may face every day. We inspire every person to believe they are important and valuable and we help them to find their courage to be the best version of themselves that they can be.
- **Respect** We model respect in the way we communicate with each other, in the way we offer choices to each other, and in the way we consider perspectives of others that are different from our own.
- **Joy** We celebrate every part of life and accomplishments of hard work to create joy—accomplishing personal and professional milestones and goals, celebrating birthdays, changing seasons, and all types of holidays.
